Forster Funeral

Funeral services were conducted by the Rev. Oppelsburg, of St. Matthew Lutheran Church, Spruce Grove, for Mr. Arthur Forster who was killed in a highway accident in the central part of the province on September 21st.

Funeral services were conducted from Howard-McBride Funeral Chapel in Edmonton at 3:30 p.m. Monday, September 26th. Interment was in Spruce Grove Cemetery.

Mr. Forster was born in Calmar. He leaves to mourn their loss his loving wife, Nora, and two sons, Randy, age 11 and Dennis age 6; his parents Mr. and Mrs. Chris Forster, of Telfordville, three brothers Harvey of Edmonton, Edward of Miller and Harold of Whitecourt, as well as a sister Mrs. Townsend of Ponkwa B.C. The very large number of friends and relatives who attended the funeral and the large number of beautiful floral tributes bore testimony to the esteem in which Mr. Forster was held by all who knew him.

YOUR FIRE DEPARTMENT

If you're not aware of this fact, don't feel bad; neither was the writer until our on-the-ball-type editor informed him. However next week has been proclaimed Fire Prevention Week: the week when your fire department and all the other ones in the province turn on the heat and try to make you all a little more aware of the dangers of fire, especially in your home.

SEARCH FOR TALENT

"Search for Better Talent" is the new theme of the annual shows soon to commence their fourteenth annual series of shows throughout Northern and Central Alberta, according to Ernie Sneed, general chairman of the A.C.T. Northern Alberta Crippled Children's Fund.

Opening show will be held at Stoney Plain on Saturday, Oct-

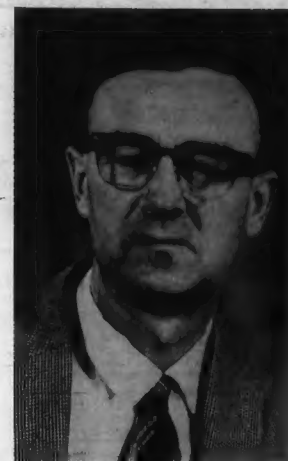

ober 29th, followed by Hinton, November 5th, Willingham-November 12th, Drayton Valley-November 19th and Chipman November 26th. The Associated Canadian Travellers, co-sponsors of the show with Radio Station CPBN are planning twenty-two Saturday shows and three or four Friday shows this season.

The newly adopted theme of "Search for Better Talent" has a definite purpose because for the first time popularity voting will be discontinued and contestants will be judged entirely upon their merits. A competent judge from Edmonton will accompany the crew on each show and the three top winners will be declared at the conclusion of each show.

Mr. Sneed stated that by dropping "vote-buying" better talent will result, as many contestants who felt they couldn't afford to compete before now will be coming forth, encouraged by their parents, music teachers, handsmen and other musically influential in the area. He is all interested in local talent to tell them of this important change in the format of the Search for Talent Show, this year.

District Personalities

Dr. Hugh L. MacLure, M.B., B.S.; MRCG; LRCP; D.M.A.M.H. Photo by Curt's Studio.

Hugh Lea MacLure was born in London, England where his father was member of the London Stock Exchange. He attended Highgate Public School, and St. Thomas Hospital, University of London, where he graduated and interned. In 1940 after interning he did a diploma course in the London School of Tropical Medicine after which in 1941, he went to Sierra Leone, West Africa, where he served with the Colonial Medical Service for five years.

In 1946 he went out in medical mission work in Sierra Leone where he was to remain for the next ten years. During the last five years of his missionary work in West Africa he was in previously untouched areas, where they built and operated a hospital and translated the New Testament and Pilgrim's Progress into the Temne language. The New Testament translation was done in association with the Christian Missionary Alliance Mission and the British and Foreign Bible Society who had made a start previously. Dr. MacLure also did translation work into the Koroako and Limba dialects.

In 1956 the MacLures felt they should give up the work for the

time being on account of the children's education, so they returned to England for a couple of weeks visit and then came over to Drayton Valley in November 1956. They had been in correspondence with Dr. Brooks and the Medical Centre here for a short time before coming to Drayton Valley. They settled down here, building a pre-fab house across from where the hospital now stands.

Dr. MacLure married Miss Marj Hilland of London in 1940. Mrs. MacLure holds an Apothecaries' certificate and helped in all phases of the medical and missionary work in Africa.

They have three sons, David 13 in R.C.N. Communications Branch; Paul 16, and Andrew 14. Paul and Andrew are now in a Christian school in Capesport, Sakschewan, near Moose Jaw. David was born in England but the other two boys were born in Africa.

Dr. MacLure has several hobbies which he carries on very successfully. His hobbies are describing, swimming, skiing, soccer and playing the piano and the

Editor's Corner **Let us Give Thanks**

The many wonderful blessings and benefits we enjoy in our everyday life often pass unnoticed by us. We rush hither and thither in the mad race of daily living, never pausing to give thanks to the Great Creator for the uncounted blessings and bounties we receive at His hand.

But there is an infallible law of praise and gratitude which will not only rebound to the glory of the All Highest but will also increase our own spiritual stature. As we give thanks for the benefits received they increase and multiply in our nature and activities to enrich and bless our lives.

The Old Testament prophets understood the potency and power of sincere expressions of thanksgiving and praise and the Psalm are filled with verses like this: "It is a good thing to give thanks unto Jehovah, and to sing psalms unto thy name, O Most High"

Our praises and Thanksgivings should reflect the gratitude of our heart; and gratitude has been defined as "the memory of the soul"

The Pilgrim Fathers, when they landed on Pilgrim Rock in the New World in 1620 immediately knelt and gave thanks to God. And though their first year was very difficult, with attacks from Indians, and many hardships, after they took to their first harvest they held a Thanksgiving festival in the Plymouth colony, in December 1621.

Let us make this not only a time of feasting, of traveling and of making of pleasures; let us also remember our Creator, let us too much to ask that each of us be mented on their improvements.

From Scoop's Notebook

Visiting in Drayton Valley is the Roy Burrows family. Roy was with Mobil Oil here from the start of the oil boom in 1954, until not quite two years ago when he went over to France in charge of drilling operations there for Mobil International. He is on holidays with Mobil International at present. Mobil International has completed their drilling operations in France.

While in Europe the Burrows

visited ten countries, England, France, Belgium, Holland, Germany, Luxembourg, Switzerland, Austria, Spain and Italy. They bought a French car, on which they have put 44,000 kilometers or about 30,000 miles. They brought the car back to this country with them.

Eleven year old Lynn speaks French like a little French girl; five year old Bob attended a French kindergarten. Lynn started school in the first grade in Drayton Valley while they were here before. Now she is back in school in Drayton Valley for the present; in the sixth grade.

Roy says Canada looks good to them. He is undecided whether to go back to foreign countries, or whether to stay in Canada. For the moment, he says, he is "just holidaying", and visiting.

Fred Louth, brother to Bill Louth, Mrs. Lewis Williams' father-in-law, is in Drayton Valley. He lives in Carman, Manitoba. Mr. Louth says crops are fairly good in good old Manitoba, although they are kind of "potty".

Newly-wed Mrs. Flora Kjerfve is the new girl behind the counter in Meiers Insurance Agency.

IT PAYS TO ADVERTISE! Dept. An ad. in the P.N.A. brought Miss Shirley Davidson to the Hotel Cafe, as cashier.

Mr. and Mrs. Bill Gannon have been having their share of company just lately. Patricia's father Mr. Dewey Nielson, of Oxyoos, R.C. and her cousin, Mr. Andrew Nielson, from Riverview, Alberta.

Then along came Mr. and Mrs. Pete Falyk, Bill's sister and brother-in-law from Edmonton and his brother Mr. and Mrs. Frank Gannon, of Winnipeg.

Reason for the delay in reporting the following: (we have been wait-

ing for pictures to go with it, but they were in Mrs. Bern's suitcase, which hasn't yet arrived)

On July 3rd, Mrs. Hilda Berns, of Elmlee Supermarket, left Edmonton via C.P.A. Polar Route for a visit to her native Germany. She returned to Drayton Valley September 2nd.

Mrs. Bern arrived, got off the C.P.A. Night at Amsterdam, and took the train to Wittenburg, her former home before coming to Canada. There she spent four weeks with friends and relatives. She said the weather was cold and rainy almost

all the time. (we have been wait-

the part of us most people see

The Browns have been visiting us — looking at our hydro plants, our transmission lines, our thermal plants, at many of the phases of our work that together form a complete picture of our service. Yet here at home, in their own kitchen, they are seeing and using the most familiar expression of electrical energy. The Browns, like a growing number of Albertans, enjoy the modern, fully automatic,

convenient kitchen (and other home facilities) that only electricity can provide. This is the part of us most people know — in the home doing the countless jobs that make life easier and better.

We are happy to bring you the 20th century servant, electricity, in the most dependable and economical way possible.

Kjortlien — Hystad

Photo by Curt's Studio.

In an afternoon wedding, conducted at 4:00 o'clock in the Drayton Valley United Church Miss Flora May Hystad became the bride of Mr. Melvin Thorvald Kjortlien. The bride's parents are Mr. and Mrs. Hanne Hystad, of Valmont B.C. Mr. Kjortlien is from this district, having been raised in the Rocky Rapids area.

The bride entered the church on the arm of her father, where the Rev. Albion Wright read the lines for the double-ring ceremony, before an elay beautifully decorated with white, yellow and bronze caryanthemum. Mrs. Eleanor Pickney was organist for the happy occasion.

For her wedding the bride was dressed in a floral pattern. The over nylon gown, with corset headpiece shoulder length veil, and lilypoint sleeves. She carried a bouquet of Shasta daisies and pink carnations.

Miss Elaine Hystad and Miss Doreen Hystad, bridesmaids, dressed to the bride, accompanied the bride to the altar dressed in shiny colored chiffon gowns. They carried bouquets of yellow Shasta daisies and caryanthemum.

Standing with the groom was his brother, Mr. Andrew Kjortlien of Drayton Valley, and Mr. Bob Jensen, of Edmonton. Usher the guests to their places was Mr. Ed. Pith also of Edmonton, a friend of the groom.

In the evening a reception was held at the Elm Hall, where guests from Edmonton and Valmont B.C. were among those present.

Toast to the bride was proposed by Mr. Peter Hystad, the bride's cousin. Mr. Andrew Kjortlien proposed the toast to the bridesmaids. The reception was followed by a dance.

The Mr. and Mrs. Kjortlien will reside in Drayton Valley where both are employed.

Southwell Heads Gollid Ltd.

Mr. Les Southwell will oversee operations for Gollid Ltd. following the resignation of Mr. Elmo Holder.

Mr. Southwell was born in Toronto where he attended a Technical School. He headed west for B.C. to go into pipe-lining. He was with Transmontaine Pipeline and Westcoast. He says he has walked every foot of the way from the mountains to Rockies to the Coast.

He went to work for Gollid Ltd. in October 1957 when they commenced operations in this field. He was Field Engineer on the Gollid Pipeline work, and field engineer on plant construction.

With the new position Mr.

Southwell becomes General Superintendent for Gollid Ltd.

Mr. Southwell lives here with his wife, Linda and their three children.

THE POPULATION OF Australia at the end of March was about 10,250,000, compared with 8,000,000 in 1950.

Ski-Meeting

A ski meeting will be held on November 7th. Time and place will be announced at a later date.

Sweden's leading legitimate dealer, the Royal Dramatic Theatre in Stockholm, was founded in 1793 by King Gustaf III.

Sec.-Treasurer.

Looking at Recreation

Michael Gormley
Recreation Director

THE MAN—THE BOY: Father Francis, founder of the famous Boys Town in Nebraska always maintained that there was no such thing as a "bad boy". His philosophy in this particular field of philanthropy was that if a boy became a delinquent, the major reason behind this catastrophe was the lack of love, co-operation, interest, love or attention on behalf of an adult some where, somehow, sometime.

Now there are people in all walks of life, and in every educational, social and recreational level who roundly disagree with this particular statement of Father Francis. They tell you that there is such a thing as a "bad boy" and that the world is full of them and it is thing under heaven ever could have been done to change their course in life. I, am one, however, who is in full agreement with the reverend sociologist of a bygone day. I believe that every one called "bad boy" can trace his delinquency to a lead in or a failure on the part of some adult who somewhere, somehow or sometime could have transformed that young life into a successful part of years instead of a disruptive period with a wake of shame and dishonor. Kindness is an invincible weapon in our dealings with all humankind, but in particular with our youth. This kindness must be tempered at times, and frequently it may require a super abundance of patience but it must always be practiced. I believe that one act of kindness, properly timed, can be instrumental in changing a whole life. It could make the difference between a respected citizen or a criminal. It is that important.

Now as Recreational Director of Drayton Valley, I am most keenly interested in the youth of this community both collectively and individually. In a vast majority of my programming in recreational activity, the emphasis will be on youth. The interests of our adolescents and teenagers are of prime importance to me. Work with youth and in youth activities is not the only phase of my job here, but, by large the most important phase.

In my work thus far I have had the pleasure to meet a good number of the youngsters of this community and as a by-product I will say that they are as fine a group as I have ever met anywhere. Such an outstanding adolescent population reflects the fact that much love, attention, kindness and interest has been shown both in the home lives and in their young social lives in the community. Someone has said: "someone has taken time out to help the boy, somewhere, somehow, sometime."

In my position, I consider myself very lucky to have come to a community where adult interest in youth is at such a high level. From what I have seen so far, I would say that the interest that

our men and women (the in our youngsters is away above average. Possibly this tremendous interest has been shown more strikingly in the field of sport, in hockey, in baseball and more recently in football, however, there is hardly a phase of youth activity that is without some enthusiastic adult leaders. We have very strong, Cub, Scout, Guide and Brownie movements. The athletic association is nothing more or less, than a group of unselfish, community spirited men and women who are enthusiastically interested in our youth and their development in spirit mind and body. Hockey has men like Jack Falta and Chuck Dick; Baseball: Otis Olsen and Peter Nibel; Football: Harold Townsend and Dunc LaBastard. These men and a host of other men and women have made and are still making our youth what they are; a splendid group of youngsters, a group, for any community to be proud of any time—any place.

As recreation director in this fair town I hope to be able to do my part in helping every boy to be a good boy—for tomorrow. "There is no such thing as a bad boy."

SQUARE DANCE SEASON OPENS: Last Saturday Oct. 1, the local Square Dance Club held their opening dance of the season at the B.P.O.E. Hall. A good crowd attended the opening: 14 hoodlums and one and all seemed to enjoy themselves tremendously. Carl Ganke furnished the music and led the calling including of "almond green" and "almond that".

Mr. Ganke plans to open a "team to team dance" school very shortly. He hopes to start on October 8th, at the Scout Hall and follow through with six consecutive Saturdays of training.

The training program will start at 8:00 p.m. on each Saturday evening and run through to about 10:00 p.m. After six such sessions, Carl hopes that his dancers will be able to move through the different changes with all the ease of the young man on the flying trapeze.

The charge for those dance lessons will be \$5.00 per person. A good number have already enrolled for this course and more are expected. If you think you would like to square dance, but fear as though you are not good enough at it, here is your chance to learn in six easy lessons, and enjoy a season of fun and laughter with the Square Dance Club. If you would like to get in touch with Mr. Ganke, the phone number is 860. He'll be glad to hear from you.

BASKETBALL UNDER WAY: The fine fall and winter sport of basketball is being organized in the "Frank Maddock" High School. The girls are practicing three

times a week in the school gymnasium. So far the turnout to practice sessions have not been good, however, it is early in the season and as time goes on we hope that interest will increase. Plans are to set up an intra-school league for the time being from which an "all-star" team will likely be chosen for "competition" against other high schools in the district.

Basketball coaches seem to be very scarce at the moment. If there is anyone who would care to come out to coach the girls, please get in touch with me at the earliest possible date.

The High School boys are also thinking about the basketball sport. They held a meeting at the school on September 20th, and set down some definite plans for the coming season. Here again, coaching seems to be a problem. If you are interested in basketball at a coaching level, I certainly would be happy to hear from you.

FOOTBALL OPENING: Sports history was made in Drayton Valley last Saturday afternoon when a good number of local people witnessed the first organized rugby football game ever played in this district. There was a twin bill on deck with the PeeWee kicking off and the Bantams following suit a couple of hours later.

The youngsters came up with an outstanding calibre of football, considering the fact that they are all new to the game. This showing reflects to a great degree the expert coaching that has been at the disposal of every one of the boys during the past month. Those coaches have sacrificed their time and freely distributed their talents with the development of each and every boy in mind. Their enthusiasm, work and interest was rewarded by Saturday's spectacular display of football at Wood's Field. Among the PeeWees, Emil Iwaschuk's fullback looked like the team to beat with some fancy backfield work clicking expertly in training sessions. On the field, however, the fired up Stumpsteads under the wing of Morris and Tony O'Callahan turned in an excellent performance. In fact the Bantams were lucky to get away with a tie. Kenny Stiehm led the Stumps with a touchdown and a total of 80 yards running on a afternoon's play.

There was not too much to choose between the two Bantam teams. The Ti-Cats under Larry Zarysky and Bill Woods

3 shows daily. 7 & 8 p.m. Sat. matinee 2 p.m.

Don't Forget JACKPOT BINGO

capitalized on opportunity to defeat the Blue Bombers who were taking orders from Harold Townsend and Bruce Barton. Gordie Tucker was the star for the Cats with a touchdown, a convert and a key interception near the end of the game. Steve Seneca played a scathing game for the loons rolling for 83 yards along the ground.

A very fitting way to open the D.V.P.U. grid season and remember folks—more of the same next Sunday P.M. at Wood's Field. Blue Bombers vs. Ti-Cats. Kickoff at 1:00 p.m. —Come and see the boys play

TOWN BAND A MUST: The "Town of Drayton Valley" must have a town band in operation next summer if it is at all possible. At this time I would be very interested to hear from anyone who would be interested in such a project or anyone who plays band music on a high level band experience. Karl Wahl is very enthused with the whole idea and thinks that a fine town band can be developed here through time. I am of the same opinion and I would like to consider the formation of such a band as my special overall project during the next year. Nothing adds to the community spirit more than a town band. I do see why a fully good band cannot be developed here in Drayton Valley.

Football

FOOTBALL INITIATED INTO DRAYTON VALLEY

Saturday, Oct. 1, 1960 will be a milestone in the sports annals of the town of Drayton Valley. At 1:15 p.m. on that date youthful Ron Kelly raced down the field at Wood's Field and boomed the football that introduced the game to Drayton Valley on an organized scale. Two games were played Saturday afternoon, the first, a PeeWee fixture saw the Forester Stumpsteads and the Eskimo Fraction Redskins battle to a 6-6 tie, while the second contest played at the Bantam level resulted in the Drayton Valley Hot Oil Ti-Cats taking a 7-0 decision over the Bottom Hole Pressure Blue Bombers.

Gardham Theatre
DRAYTON VALLEY

3 shows daily. 7 & 8 p.m. Sat. matinee 2 p.m.

YOUR FAMILY ENTERTAINMENT CENTRE

The games were the realization of a dream for the town's new Recreation Director, Mike Gormley who thought that the gridiron sport could be played on an organized scale in Drayton Valley. The director was exceptionally fortunate to meet Harold Townsend, a former Queen's University grid star, who was immediately enthused with the whole idea. From then on Mr. Townsend was "Mr. Football" in the town of Drayton Valley. He worked feverishly on the project, rallied coaches, and interested youngsters in the game. Interest steadily increased as Dunc LaBastard, Bruce Barton and a host of others joined.

RIDE For Your LIFE

How Johnny Handlebar MADE A BETTER BIKE RIDER WITH A WRENCH

No, Johnny didn't make the rider with a wrench. He used the wrench to fix the bike to the rider, so that the rider would be a BETTER RIDER.

CORRECT MEASURING POSITION
HEEL ON pedal at lowest point. Leg, thigh and heel of foot should form straight line. When seat adjustment is made in this way, the

HEEL ON pedal at LOWEST POINT
normal riding position is with ball of foot on pedal will be just right.

CORRECT TILT TO SADDLE
TOO FAR TO REAR
TOO FAR FORWARD

Next week boys and girls, Johnny Handlebar will tell you just where to check your bike to make it fit the rider, which of course is you.

1961 CHEVROLET TRUCK

This is the Chevrolet Medium-Duty Stake, one of the many models in Chevrolet's 1961 truck line. Among the refinements in the 1961 line are a smaller floor tunnel in some models which increases leg and foot room; improved heaters; new exterior colors and interior trim.

OSHAWA, Ont.—Refinements to the highly successful classic design introduced a year ago, further expansion of models, and styling identification changes mark the Chevrolet truck line for 1961, introduced today by General Motors of Canada, Ltd.

Included in the 1961 line are three new 4-wheel drive models for light-duty, maximum traction applications. The 157-inch wheel-base, 1/2-ton vehicles are available as cab-chassis, wide-box pickup and conventional cab pickup models rated from 4900 to 5600 pounds gross vehicle weight.

New cab features for 1961 emphasize a lower and narrower floor tunnel on most light-duty models for improved foot and leg room within 3-speed or Power-glide transmission. New optional equipment includes a windshield wiper-washer combination with 2-speed electric wiper, and a comfort option consisting of a six-in. foam rubber seat.

Suburban models also feature comfort for second and third seat passengers as a result of seat modifications giving more foot room and more third seat headroom.

All Chevrolet 4-wheel drive units for 1961 feature a new 10-inch diameter clutch, standard 3-speed transmission, and 7, 10

SNOOCHERS

The following was left in the P.N.A. office. The author is unknown but we presume it is a high school student.

Anyhow, the sentiment expressed is quite timely so we print it herewith:
Smoother Warning:
The dangerous driver whom I call a sap
is he who drives with a girl in his lap.
He thinks he's smart; has lots of nerve
But what of a blow-out, rounding a curve?
If this highway menace had any brains
He'd do his smooching down traffic-free lanes.
If the girl in question was half alive
She'd know he needed both hands to drive.
Unless maybe she's tired of life
And has no intention of becoming a wife.
So wake up, you smoocher, before it's too late.
Last your body and up at the "Ready Gait."

LOOKING AT RECREATION
Cook' from page 8 Col. 8

In the "Football Rush". As time went on the hot days of August we moved into the cooler days of September, and the newly organized program began to take shape. The football sport was slowly and at times painfully, but surely being accepted in the "Valley". After six weeks of planning, organizing and down-to-earth work the climax came Saturday afternoon when finally two pairs of "All-star" League football squads met out on the field in full equipment and proceeded to give all concerned an exceptional fine exhibition of our "National Autumn Sport".

Both of Saturday's games were tight and close and both produced a surprising catch of football when you consider that this was the first time ever for any of the boys.

In the PeeWee game the Foresta Stampede surprised everyone including their opponents when they out-passed, out-rushed and outplayed the brilliant "Eskimo" Eskimos. The Stampede, a fine up and coming team, took possession at the opening whistle and marched down the field in a series of uninterrupted plays. At the six minute mark Kenny Selman went over for the major score and the "Red Riders" were ahead 6-6. Allen Gray pulled off

one of the finest defensive moves of the game when he barreled in over right tackle to block the convert attempt. The Eskimos could not seem to control the ball for any sustained amount and at half time, the Stampede were still one touchdown up.

The Green and Gold outfit got rolling in the second half and at the 16 minute mark of the third quarter, little Lorne Huska

THE ESKIS WERE LUCKY.

7-0 at the nine minute mark in the second quarter.

In the third quarter Serenas made a tremendous 28 yard plunge through a mass of tacklers and the boys in Blue appeared to be on the midway, however, the drive petered out on the Ti-Cat 20 yard line. Mike Miller had the Bombers really rolling on the Ti-Cat 11 late in the game when Tucker made a key interception

to save off a possible score. The Ti-Cat retained possession and ground out the remaining

two and one half minutes of play to take the opening game 7-0.

Fire Prevention Awards

"SEARCH FOR TALENT" (continued from page 1.) Spotlight Parade, featuring some of Edmonton's leading radio and television personalities, will supplement the local talent.

Spotlight Parade is under direction of Jack Benbow, stage director of CFRN-TV.

Mr. Sneed stated that during the past twelve months the North and Alberta Crippled Children's Fund assisted 171 cases of crippled children. Since the fund organized more than thirteen years ago more than \$400,000 has been raised for the needy crippled children in Northern Alberta and Central Alberta. More than half the total has been received from the proceeds of the Search for Talent Shows. Mr. Sneed stated.

Other highlights of the fourteenth annual Search for Talent Shows include audience participation, door prizes and a wrist-watch award.

The Hon. A.E. Patrick presenting Mr. Bridge, Fire Commissioner with a Certificate for Fire Meets Award

The promotion of Fire Prevention Week is Alberta is spearheaded by the office of the Alberta Fire Commissioner, a branch of the Department of the Provincial Secretary.

Each week of the year is fire prevention week as far as this government agency is concerned. However, special efforts to create a public awareness of fire losses, hazards and prevention techniques are concentrated during the week that includes October 9th. Each year Fire Prevention Week is proclaimed across Canada by Royal Decree.

Preparations for the period are made well in advance. During the months of August and September fire inspection visit all communities in the province, supplying fire departments with material to be used during Fire Prevention Week. Inspectors also call on community leaders to urge upon them the need for a community program. The inspectors revisit them communities after the special week to assess the program that was conducted.

Publicity is an important phase of Fire Prevention Week activity. To assist local departments, the Fire Commissioner's office conducts an advertising program and prepares special material for use in newspapers and on radio and television. The office also has a substantial library of films dealing with fire prevention and fire protection which are available to community organizations.

Staff of the central office work in close co-operation with other provincial and federal fire prevention organizations in developing themes to be used during the special week.

Perhaps the most important contribution the Alberta Fire Commissioners office makes to Fire Prevention Week is its regular year-round program of building inspection, fire investigation, providing instruction in fire fighting techniques, enforcing laws and regulations concerning fire prevention, and all in other related

duties and services.

The Alberta program is achieving national recognition for it has received three times in the last seven years a Certificate of Merit from the National Fire Protection Association, International, for province-wide support of the principles of Fire Prevention Week.

Science in Animal Growth An army, Napoleon declared, "marches on its stomach." And, we tritonnate and so, does the butcher, the thief and every one of us.

The outlook for keeping human-kind marching on comfortably flat stomachs has become a lot brighter in recent years. Thanks chiefly to scientific crop rotation and new products like Vitaflores, the growth of animals is now more predictable.

One of the most recent advances in animal husbandry is the use of Vitaflores, a substance tracked down by researchers at the Pioneer Agricultural Research and Development Center in Vigo County, Indiana, produces gains greater than any feed supplement formerly available.

This unobtainable growth factor has shown remarkable results when added to foods already fortified with antibiotics and the traditional growth-promoting preparations. It enables the farmer to bring poultry and animals to market weight faster. Since less time is required, savings in feed are substantial.

Vitaflores added to basal chicken feed rations sends the bird to market a full week ahead of schedule. Used in combination with Terramycin, Vitaflores increases weight gain even more.

Hops reach 160 pounds on a substantial basic ration such as corn, soy, given the same ration plus Terramycin and Vitaflores. The same combination is fortified with Vitaflores, the same hop overdosage seems to a robust 200-plus. Farmers report that the Terramycin-Vitaflores combination cuts market time by 28 days. Just three pounds of Vitaflores per ton of feed formula will often do the job.

So far the agricultural scientist has been unable to pin down exactly how the Vio factor works. It mysteriously perturbs him and he continues to probe with the hope of eventually identifying the way and to even more startling discoveries.

But the farmer looks at it differently. He isn't really concerned whether research can identify the Vio factor. He sees the results in his barnyard. That's enough for him.

CWL Meeting

The monthly C.W.L. meeting was held on October 3 with 16 members, 3 guests and Father Servino present.

Mrs. Lenish gave the treasurer's report. Twenty-five dollars will be donated to the Scholarship fund for Drayton Valley.

A get well card was sent to Mrs. Dione and a Congratulations card to Mrs. B. McDonald on the birth of her baby boy on September 18th. In the Drayton Valley hospital.

Mrs. T. Brewster and Mrs. A. Home are hospital visitors for this month.

At the close of the meeting a prayer was said and lunch was served by Mrs. H. Wanki and Mrs. B. McGee.

Other highlights of the fourteenth annual Search for Talent Shows include audience participation, door prizes and a wrist-watch award.

Show time in each community will be 7:30. Wherever possible arrangements are being made for school audiences because community halls in most cases cannot accommodate the overflow audience.

DISTRICT PERSONALITY. (continued from page 1.) organ. He is a member of the S&L Club, a Board member of the Church of God, and a member of the Tennis Club. He is very interested in seeing a swimming pool built in Drayton Valley.

He states he has enjoyed his work in Canada. He likes this type of mixed medical and surgical work in which he is engaged here. However, the Masters plan to return to Africa if conditions there permit, when the boys' education has been taken care of, in 6 or 7 years time.

PERSONAL INCOME tax in Australia has been raised by five percent and company profit tax by 2 1/2 percent.

Mr. D. T. McDonald of Gollid Limited, recently stated that a Memorial Fund would be established in memory of Mr. Larry Talish who passed away September 1980.

The fund will be used to furnish a room or to purchase hospital equipment and a plaque will be placed in the hospital in the memory of Mr. Talish.

Mrs. Talish has given her approval to the plan and it is felt by Gollid employees that donations to this fund will serve a useful purpose and help to retain their thought of Larry Talish. All donations to this project will be much appreciated. Mr. Ed. Lohs, of Gollid Limited will be pleased to receive them.

YOUR FIRE DEPARTMENT 'Cont' from Page 1, Col. 3

This will be done through advertising in the bigger centers, and in Drayton Valley your fire department has a project on hand which, with your cooperation should prove to be most effective.

Every night next week every member of your fire department that can possibly make it will be out on home inspection. We plan to call at every domestic in town and with your permission hope to check out every home for possible fire hazard. This is a big undertaking and we feel it's a most important one, but it won't get anywhere at all without your fullest cooperation.

We ask you to please welcome the fireman who calls at your home and help him all you can. This project is going to take up all his free time for at least a week and it's all purely voluntary. There's no monetary compensation involved for him, but we, the citizens of this good town can give him the satisfaction of being appreciated for doing a good job well.

Toys for HOSPITAL

Mrs. Beale Bollerhaus noticed that the children in the hospital did not have too much to play with so she took it upon her heart to buy a collection to buy the kiddies in the hospital a few toys.

Another girl helped her and they went around and collected the sum of \$27.10, which was enough to buy a jolly jumper, a Playpen and leave a little over for some toys.

Those who contributed were as follows:

- Bida Grammer \$1.00; Allan Givella \$1.00; Wm. Duno \$1.00; Cecilia Hebel \$1.00; Mrs. Wm. Hinkel \$1.00; M. Kilduff \$1.00; Mrs. C. Caper \$1.00; Mrs. B. Anderson \$1.00; Lorraine Anderson \$1.00; William \$1.00; Mrs. Tam Smith \$1.00; Mr. Ray McGulgan \$1.00; W. Harnard \$1.00; John B. Swallow \$1.00; Bill Copeman \$1.00; Doty Schultz \$1.00; Mr. R.D. Conger \$1.00; Mrs. Rubyrose Vig \$1.00; Stella Senasas \$1.00; Lloyd's Jewry \$1.00; Anna Pederson \$1.00; Bob Englin-Pool Hall \$1.00; Steve Valentine \$1.00; Mark Barber \$1.00; M.D. Ward \$1.00; Jean Hutchinson \$1.00; Don MacKenzie \$1.00; Howard Pichup \$1.00; A. J. Armstrong \$1.00; L. Stevenson \$1.00; Patricia Kasor \$1.00; Jeannette Belland \$1.00; Ron Carter \$1.00; Hong Mah \$1.00; no name \$1.00; B. Bellasas \$1.00

A total of \$27.10 jumper... 12.90 Playpen... 10.90 Balance of \$3.20 over.

Vol. 8 No. 40 October 13, 1960. Playford, Publisher. Box 120, Drayton Valley

OFFICIAL OPENING OF FRANK MADDOCK SCHOOL

A very fine number of folks turned out for the official opening of the new Frank Maddock Highschool in Drayton Valley on Friday evening, October 7th. Official opening ceremonies started at 8:30 p.m. For about an hour previously the school had been open for inspection and members of high-school classes condensed visitors on a tour of the building.

Following the singing of "O Canada" Mr. McManus, high-school principal, introduced the chairman for the evening, Stony Plain School Division Board chairman, Frank Maddock, in recognition of whose efforts and time in behalf of the Stony Plain School Division board, the fine new high-school was named.

Among those seated on the platform were the Hon. A.C. Plumb; Dr. Horner, M.P., for Jasper - Edmonton; Mr. McManus; Mrs. McManus; Mr. Frank Payce, President of Home and School; Mr. Maudick; Mr. F. Hamochko, superintendent of Stony Plain School Division; Mr. A. Meier, Mayor of Drayton Valley; Mr. Jim Cumlin, President of the Chamber of Commerce; Rev. Albin Wright of Drayton Valley United Church; Mr. Jack Falls, President of the Drayton Valley Athletic Association; the architect of the highschool, Mr.

Bernie Waple; Building Superintendent for Stony Plain High School Division, Mr. Felix Knorr; and members of the Stony Plain School Division Board, Mr. Ed. Miller, of Stony Plain, Mr. Gabe Lewis, of Spruce Grove, Mr. Terrill of Duffield, Mr. Gasson Jowan of Tomahawk, Mr. Alex Roy chur, Division Secretary, and Mr. Jim Lishinsky, chairman of the local school board.

The invocation was given by Rev. Wright, and Mr. Maddock then introduced the School Division Board members. His worship the Mayor then gave a few well chosen remarks followed by Mr. Hamochko, who also spoke briefly.

Presentation of the Scholarships was then made, after which Mr. Cumlin spoke briefly in behalf of the Chamber of Commerce.

Dr. Hugh Horner, Member of Parliament for this federal constituency followed with a few appropriate words of commendation to the students and to the Stony Plain School Division Board on their fine accomplishment as evidenced in the new school.

Mr. Falls, speaking for the Athletic Association, thanked the school board and the school principal for the proffered use of the gymnasium of both the highschool and the elementary school for evening use by juvenile and adult groups for recreational purposes.

CHAMBER OF COMMERCE MEETING

At a noon luncheon in the Car-dium Room on Friday, October 7th, Dr. Hugh Horner, M.P., for this federal riding, was guest of honor. Members of the Chamber of Commerce and the Mayor and Councillors of the Town of Drayton Valley were guests.

Main topic of conversation during the meeting was a proposed federal building for Drayton Valley. Dr. Horner pointed out that in view of the rate at which Drayton Valley was growing, had a federal building been erected to meet the needs of the past it would have proved inadequate by now to meet the needs occasioned by the astounding growth of the Town of Drayton Valley.

In addition to a post office space it is expected that the proposed federal building will also have offices for such federal agencies as the Veterans Affairs branch and the Unemployment Insurance branch. The post-office branch has recently signed a lease to continue to rent the present building, so any plans are for the future.

Following the luncheon meeting Dr. Horner was taken on a tour of the field. The group visited

H. Rex Burrows

Herbert Rex Burrows was born on an English farm at Cornwall in the southwest part of England. His father farmed a farm of seventy acres and made a good living from it, which would not be too easy to do in some parts of this country.

He attended elementary school at Cornwall and then at the age of fourteen he went into apprenticeship in the radio and television trade. He served in apprenticeship for four years, until he joined the army in 1944 at the age of eighteen. He entered the army as a radio technician and served in that capacity until he was mustered out in 1946.

Returning to civilian life he finished his apprenticeship course and took courses in radio and television in night school. He worked at his trade

Keep Fit Class

The Ladies "Keep Fit" Classes will open next Wednesday evening October 19th in the Elementary School Gymnasium at 8:00 p.m. The registration fee is \$5.00. The classes will run every Wednesday night throughout the winter months at the aforementioned time and place. All interested persons can obtain additional information from the class instructor Mrs. Brenda O'Callahan Phone 538.

In England until the end of 1960 and emigrated to Canada in January 1961. Arriving in Canada he came first to Edmonton. From there he went to various parts of northern Alberta for a year, as an observer on a seismograph crew.

He then settled in Westlock for a time, where he worked as a radio technician. He came to Drayton Valley to set up shop in July 1956. During the middle of September, this year, Rex observed that he had just completed twenty years in his trade.

He married Miss Dorothy Sim in Edmonton in 1956. Dorothy had been working in the Imperial Oil office. They have purchased a home in Drayton Valley.

Rex is a member of the Drayton Valley branch of the Canadian Legion, and a member of the Masonic Lodge.

YOUR FIRE DEPARTMENT

With all the publicity fire prevention is getting this week it would be like shopping paint on a rose for me to preach about it; however, there are two little points which I feel should be brought up.

The first is that we sincerely hope some of the propaganda you hear and see this week rubs off and you seriously take heed to this business of preventing fire in your home. All the advertising media in the world can't stop a fire if you don't
